# Reservationless—Express

**From** hosting weekly recurring meetings or to organizing a last minute meeting, our Reservationless-Express conferencing efficiently allows you to bring people together to help you achieve your business goals.

Reservationless-Express is a dependable solution that does not require reservations or operators. This solution allows you to host your conference call 24/7 with fast and easy access to your call.

## What You Can Expect:

With our Reservationless-Express conferencing you will receive a simple and convenient solution to create better connections.

- Consistency: Receive permanent dial-in information for all of your calls
- Convenience: No reservations or operators
- Ease-of-Use: Streamlined to allow quick entry into your call
- Reliability: Pull an operator into your call if you do need assistance by a touch of a button on your telephone keypad

## Effectively Connecting People:

Bring together your participants for a variety of meetings.

- Organize weekly status meetings
- Arrange sales meetings with employees and prospects
- Link cross-functional teams from around the world
- Gather participants for a last-minute meeting
